

Part 5 Returnable Schedules

Request for tender

**MAIN POOL HALL AIR HANDLING UNITS UPGRADE –
BLACKTOWN LEISURE CENTRE STANHOPE**

Contract No: C11/2025

Trim File No: F25/971

HIX GROUP PTY LTD

1. Instructions

Use the following templates to complete the required Schedules for RFT C11/2025.

Tenderer must provide the requested information in the following returnable schedules using this DOCX file and 'saved as' PDF file for submission.

Failure to complete the returnable schedules or to provide required supporting documents may constitute non-conformance of the tender at Council's absolute discretion.

If the returnable schedules do not have enough space, please provide your information in a separate attachment and reference them in the returnable schedules.

Unless otherwise stated, all documents (including returning schedules and supporting documents) must be 'saved as' PDF files.

Refer to Schedule 10 Fee Structure, the prices must be clear, not open for interpretation and without ambiguity. Zero or blank prices should be replaced by 'included' or 'excluded' as the case maybe with explanation and detailed breakdown of costs. Nevertheless, Council is not obliged to accept any tender offer with 'included' or 'excluded' pay items.

2. Supporting information from tenderers

The tenderer must provide documentary evidence to prove it has the necessary:

- Compliance with the tender,
- Relevant experience, qualifications and licences
- Capacity (including past performance and resources)
- Methodology to undertake works
- Management & financial capacity (with annual financial statements for the last 3 years)
- Quality management (including quality management policy, management plan, forms and checklists)
- WHS management (including completed council's WHS forms appendices 1 to 3, WHS management policy and plan, safe work method statements, checklists & forms)
- Sustainable environmental management (including environmental management policy and plan).
- Copies of certificates for the required third-party accreditations
- Copies of certificates of currency for the required insurances
- Equal employment opportunity and fair employment

We encourage Tenderers to submit any additional relevant information that may assist in assessing tenders.

3. Reference checklist of tender submission

The following checklist helps the tenderer with the preparation of their tender. Please note that it is not exhaustive and each **Tenderer must inform themselves that the tender submission requirements** in reference to the tender documents, attachments and addenda are complete.

Returnable Schedules		included
Schedule 1	Corporate information & Declaration	☒
Schedule 2	Financial capacity	☒
Schedule 3	Confidentiality and Conflict of Interest	☒
Schedule 4	Key personnel	☒
Schedule 5	Insurance	☒
Schedule 6	Previous experience	☒

Schedule 1. Corporate Information & Declaration.

HIX GROUP PTY LTD

RFT C11/2025

Provide details of the Tenderer's company structure, history and director profiles and the following:

Company details			
Trading name	Hix Group Pty Ltd		
Legal name	HIX GROUP PTY LIMITED		
ABN	52 090 733 332	ACN (if applicable)	030 733 332
Entity type	Australian proprietary company, limited		
Trading address	1/10 Production Place, Jamisontown, NSW 2750		
Phone	02 4721 7500	Fax	

Contact details			
Name	Paul Humphreys		
Position	Head of Service – HIX Group		
Address	☒ as above or:		
Phone		Mobile	0449 717 145
Email	paulh@hix.com.au		

Declaration

Please complete the declaration below. By including this document you are providing an electronic signature for this declaration under the *Electronic Transactions Act* and corresponding state and territory acts.

I (name)	Paul Humphreys		
of (address)	1/10 Production Place, Jamisontown NSW 2750		
being (occupation)	Head of Service – HIX Group		
Declare that:	I declare that the company listed above: • has authorised me to make this declaration personally and on its behalf ☒ • is solvent and not undergoing any proceedings or negotiations that may lead to an Insolvency Event ☒ • has no actual or potential conflict of interest that would affect how it meets its obligations under any later Contract if the Response succeeds ☒ • accepts the Conditions of tender, Conditions of engagement and any other terms and conditions on the eTender website ☒ • agrees to be bound by this Agreement and to provide the Services in line with it. ☒		

I declare that this Response to C11/2025 is:

- conforming, complete and meets all requirements, or ☒
- non-conforming, and proposes an Alternative Response in line with section 1.3 of the Conditions of tender and as detailed at section **Error! Reference source not found.1** of the Request for Tender. ☒

I am not aware of any conflicts of interest other than those in Part 5 Schedule 3. ☒

I specifically note and accept the:

- professional indemnity insurance requirements (see section Part 5 Schedule 5 and clauses 1.1m)–p) of the Conditions of engagement) ☒
- liability conditions (see section 4.2 of the Conditions of engagement) ☒

I agree that I will:

- keep all information about the Services confidential, including any information I receive or create while providing the Services or executing the Contract ☒
- only use any information as it relates to the Contract ☒
- not remove, photocopy or otherwise reproduce any documents Council has given me access to ☒
- not release or make public any information without Council's written consent, unless the Contract allows otherwise. ☒

I further agree that I will:

- do my best to ensure that I, my Personnel and my subcontractors maintain a good industrial record, including adhering to the relevant awards, codes of industrial conduct, and industry and site agreements now and for the Contract's term ☒
- obtain this undertaking from any subcontractor I ask to use, and give this to Council when requesting its approval. ☒

By completing the fields below and lodging this Response on the eTender website, I am providing an electronic signature in line with *the Electronic Transactions Act 1999* (Cth) and related state and territory Acts.

Schedule 2. Financial Capacity.

HIX GROUP PTY LTD

RFT C11/2025

Tenderer shall supply particulars regarding financial relationships and records for inspection and verification by Council.

TENDERER'S FINANCIAL INSTITUTION/BANK

Name of institution/bank:	Macquarie Bank Ltd
Address:	1 Elizabeth Street, Sydney NSW 2000
Manager:	Rene Martinko
Phone Number:	61 409 395 838
Facsimile number:	na
Term of engagement:	12yrs
Overdraft Limit:	\$50,000

TENDERER'S ACCOUNTANT

Company:	Refer attached letter
Address:	
Contact Person:	
Phone Number:	
Facsimile number:	
Term of engagement:	

FINANCIAL DETAILS FOR LAST 3 YEARS

Provide documents and information listed below (Financial Statements for the last three years for the Tenderer, including balance sheets, profit and loss statements, an accountant's report and or where existing, auditors' reports.

(Notes: Tenderer's Financial Information will be treated confidentially.)

Annual financial statements for the last 3 years included

Yes ☒ No ☐

YES – PDF Attached – File Name – 'Schedule 2 – Financial History'

Schedule 3. Confidentiality and conflict of interest

HIX GROUP PTY LTD

RFT C11/2025

Confidentiality

You may only disclose information about the Contract if it is:

- already in the public domain, other than as a result of your own acts or omissions
- required by law, court order, tribunal or another regulatory body, as long as you notify us of the need to disclose this.

Conflict of interest

You must:

- read the following Conflict of interest guidance along with section 2.3 of the Conditions of tender and clauses 1.1q)–s) of the Conditions of engagement
- understand that your obligation to declare any conflict is ongoing
- declare a conflict if one arises at any time.

You must take all reasonable steps to find any actual or potential conflicts, including confirming that there is no family relationship between:

- you or any of your employees who are directly or indirectly involved in preparing or submitting the Response, and
- any Council official or employee who is evaluating the Response or running this Agreement process, or who has confidential information about your Response.

Once a conflict has emerged, you must resolve it. You can either:

- remove the source of the conflict, such as by stopping a person with a conflict from completing this Response or delivering the Services
- make the information public to limit the risk.

Please list all actual or potential conflicts of interest you are aware of in the table below, or write 'None' if you have not identified any.

Conflict of interest	How it will be resolved
None	n/a
Add rows as needed	

Conflict of interest guidance

A conflict of interest:

- is a commercial or professional conflict (real, perceived, expected or possible) that either party identifies about carrying out the Services
 - can include obligations and rights under this Agreement, or any other arrangement or agreement.
- Conflicts of interest can be financial, and may result from holding shares or positions in companies or trusts, owing debts, owning property, or receiving gifts, hospitality or sponsored travel. This list is not exhaustive, and you do not need to hold these financial interests yourself. If a family member or close associate holds them, it is as if you hold them due to the close relationship.

Other conflicts of interest are based on relationships. They often result from relationships in social groups based on a common interest, such as sports or culture, or family, sexual and other relationships.

For more on conflicts of interest, see the [NSW Independent Commission Against Corruption](#) website.

Schedule 4. **Key personnel**

HIX GROUP PTD

RFT C11/2025

Nominate the names of the management and supervisory principals that will be involved in the provision of goods/services set out in Tender C11/2025 part 2.1 Services. Please provide their CVs as supporting documents to demonstrate their years of relevant experience

Name	Paul Humphreys			
Proposed position/capacity	Head of Services – HIX Group			
Qualifications/experience in providing requested goods/services	White Card, RIW, Electrician, Security 2C, Solar, LVR, CPR, confined space. Service/Contracts Manager for electrical, plumbing, HVAC-r maintenance agreements, encompassing projects, with prestigious clients including Western Sydney University, The University of Sydney, TfNSW, Schools Infrastructure NSW, several councils.			
Period providing goods/services	In current firm	10 years	total	20 years

Name	Mitchell Brown			
Proposed position/capacity	Head of Projects – HIX Group			
Qualifications/experience in providing requested goods/services	Licensed Electrician, EWP, Cert IV OHS Construction, Perform CPR, LVR, Ecosmart Electrician, Diploma Leadership and Management, Confined Space, Defence Baseline cleared pass holder. Showcased his years of expertise in the projects team by managing a variety of Hix Group Projects and Contracts including; Penrith Council, Cumberland Council, Hawkesbury Council, Parramatta Council, Blue Mountains Council, Campbelltown Council, Cushman Wakefield, Western Sydney University, The University of Sydney, Keyton (mally Lend Lease), TfNSW.			
Period providing goods/services	In current firm	4 years	total	20 years

Name	Nathan Powlay			
Proposed position/capacity	Supervisor – HVAC-r – HIX Group			
Qualifications/experience in providing requested goods/services	Licensed Electrician & HVACr, White Card, RIW, Electrician, Mechanical, Refrigeration, Refrigeration Handling, LVR, CPR, confined space. Supervisor for electrical & HVAC-r maintenance agreements, encompassing projects, with prestigious clients including Western Sydney University, The University of Sydney, TfNSW, Schools Infrastructure NSW, several councils.			
Period providing goods/services	In current firm	10 years	total	15 years

Name

Andrew Huckstadt

Proposed position/capacity

Lead Technician – HVAC-r – HIX Group

Qualifications/experience in
providing requested
goods/services

White Card, Electrician, Mechanical, Refrigeration, Refrigeration Handling, LVR, CPR, Solar.

Technician for electrical & HVAC-r maintenance agreements, encompassing projects, with prestigious clients including Western Sydney University, The University of Sydney, TfNSW, Schools Infrastructure NSW, several councils.

Period providing
goods/services

In current firm	3 years	total	7 years
-----------------	----------------	-------	----------------

Name

Deb Moore

Proposed position/capacity

Financial Controller – HIX Group

Qualifications/experience in
providing requested
goods/services

Certified Practicing Accountant, NSW Justice of the Peace

Financial controller for HIX Group overseeing all trade and project lines. Clients across all industries – Industrial, government, transport, LGA, commercial, Defence Industries, education, aged care.

Period providing
goods/services

In current firm	10 years	total	20 years

Schedule 5. Insurance

Hlrup PTY LTD

RFT C11/2025

Your Response must include the certificates of currency for the insurance set out in the Conditions of tender and Conditions of engagement, or a guarantee that you will give these to us when we send you a Letter of engagement.

If your Response is successful, you are required under the Contract and this Agreement to effect and maintain the following insurance policies, as a minimum, during the Term and until the date stipulated below:

- workers compensation and related liability insurance in accordance with the requirements of the *Workers Compensation Act 1987* (NSW), until the expiry of the Contract;
- public liability policy of insurance in the amount of at least **[\$20,000,000]** for any one occurrence and unlimited as to the number of occurrences, until the expiry of the Contract;
- professional indemnity policy of insurance in the amount of at least **[\$10,000,000]** for any one occurrence and in the aggregate, until the date that is 7 years after the expiry of the Contract; and
- product liability policy of insurance in the amount of at least **[\$10,000,000]** for any one occurrence and in the aggregate, until the expiry of the Contract.

Provide details of insurance currently held by you and any proposed sub-contractor which would be extended to provide cover for work under the Contract.

- Copies of all insurance certificates are required to be submitted as part of the tender submission.
- Tenderers must advise they are prepared to increase their insurance coverage (if necessary), to meet Council's minimum requirements if deemed suitable.

Public Liability			
Insurer	Chubb Insurance Australia Limited		
Policy amount	\$20m per occurrence		
Policy certificate attached?	☒ Yes ☐ No	Council's minimum level of cover is \$20 million.	

Workers' compensation			
Insurer	iCare		
Policy amount	As legislated		
Policy certificate attached?	☒ Yes ☐ No	No. of workers insured:	94

Professional Indemnity			
Insurer	Certain Lloyds Underwriters		
Policy amount	\$10m per claim and in the aggregate		
Policy certificate attached?	☒ Yes ☐ No	Council's minimum level of cover is \$10 million.	

Product Liability

Insurer	Chubb Insurance Australia Limited	
Policy amount	\$20m per occurrence	
Policy certificate attached?	☒ Yes ☐ No	Council's minimum level of cover is \$10 million.

Other

Insurer	1) HDI Global SE, Australia 2) Chubb Insurance Australia CONTRACTS WORKS INSURANCE
Policy amount	As Legislated
Policy certificate attached?	☒ Yes ☐ No

Subcontractors' insurance coverage

Please use the table below to provide current insurance details for any proposed sub-contractor, and note if you have attached the certificate.

Type	Cover amount	Details	Certificate attached?
Public liability	\$20M	Per occurrence	☒
Professional indemnity	\$10M	Per claim and in the aggregate	☒
Product liability	\$20M	Per occurrence	☒
Workers compensation	\$As Legislated		☒
Other	\$As legislated	Contracts Works Insurance	☒

Liability cap

Your liability cap is stated in the Contract. Our liability cap is equal to the fees we pay you in the 12 months immediately before the date of a claim.

Schedule 6. Previous experience

HIX GROUP PTY LTD

RFT C11/2025

Provide details of previous experience in the required services (including any specific experience with the public sector) as defined in Tender C11/2025 part 2.1 Services.

Total years of experience in providing the required services: 6 years

Years of service for State or local government authorities: 32 Years

Please provide details of the recently completed / work in progress projects:

Project 1: St Clair Recreation Centre – Evaporative Cooling

Client	Contract amount	Date Commenced	Actual or Estimated Completion Date (Mth/Yr)
Penrith City Council	\$213,000.00	14/06/2023	21/02/2025

Description of good / services provided:

Hix Group was engaged to deliver a complete HVAC-R upgrade involving the supply and installation of four (4) commercial evaporative cooling units. As the principal contractor, we provided full project management and end-to-end delivery across all required trades including electrical, plumbing, solar, building, and roofing.

Key HVAC-R works included detailed workshop design, installation of CW-H15S-Plus evaporative units, rigid ductwork, Monkeytoe duct stands, flashings, plenum diffusers, access panels, system commissioning, and as-built documentation.

Our electrical division installed new submains, a dedicated mechanical switchboard, rooftop isolators, and integrated control systems, including fire trip and mechanical louvre interfacing. Plumbing works encompassed new copper and PVC pipework for water supply and drainage, isolation valves, and tundish installation, all to AS3500 standards.

The project also included temporary disconnection and relocation of solar infrastructure, reinstatement of panels in a new orientation, and associated cable tray works. Additional variations—identified and managed by Hix Group—included structural changes, relocation of services, acoustic treatment, and protective measures for sensitive court flooring.

The project was delivered successfully with zero safety incidents and minimal disruption to site operations.

Project 2: [Project title]

Client	Contract amount	Date Commenced	Actual or Estimated Completion Date (Mth/Yr)
Glascott Landscape & Civil – Penrith City Council	\$1,815,000.00	13/09/2021	10/01/2025

Description of good / services provided:

As part of the Regatta Park upgrade project, Hix Group Pty Ltd was engaged by Glascott Landscape & Civil to deliver a combined package of electrical and HVAC-R services supporting the construction of new public amenities, Café, and park infrastructure within this high-profile riverfront redevelopment. While the project was predominantly electrical in nature, our team also delivered the full mechanical services scope for the buildings, showcasing our integrated delivery capability across both service lines.

HVAC-R Scope Highlights: Supplied and installed mechanical ventilation for kitchen/Café and waste room, compliant with NCC. Systems were designed to maintain air quality and meet minimum airflow rates in high-usage.

Roof-mounted exhaust fans with ductwork and appropriate terminations to atmosphere were installed to serve toilet and shower areas, including weatherproof external cowls and supports.

Ventilation systems were integrated with lighting and building control systems for energy efficiency, with programmable time controls and motion sensors.

Reverse cycle air-conditioning was installed in the Café, for comfort cooling during preparation periods.

All HVAC-R systems were fully tested, balanced, and commissioned by our in-house mechanical team, with airflow rates verified and documented. Compliance certificates and O&M manuals were provided as part of handover.

This project is a strong example of Hix Group's capability to deliver integrated HVAC-R and electrical services for public infrastructure. Our multi-trade coordination ensured seamless delivery, efficient sequencing, and minimal delays despite the multiple stakeholder interfaces and public-facing nature of the works.

Project 3: [Project title]

Client	Contract amount	Date Commenced	Actual or Estimated Completion Date (Mth/Yr)
Regal Innovations P/L – Penrith City Council	\$625,000.00	12/01/2023	18/12/2023
Description of good / services provided:			
Hix Group Pty Ltd was engaged to deliver a comprehensive package of electrical and HVAC-R services for the Penrith City Park redevelopment — a flagship public domain project for Penrith City Council. This scope formed part of the construction of a new civic park and public amenities, designed for high visitor capacity, long-term resilience, and community engagement. HVAC-R Scope Highlights: One of the key mechanical deliverables was the design and installation of a specialist ventilation system for the new underground Pump Room, ensuring adequate airflow and compliance with both mechanical and operational safety standards. Pump Room Ventilation: Supplied and installed a Fantech PCEEC45 variable speed exhaust fan with dual-speed operation based on occupancy (full flow when occupied; half flow when unoccupied), integrating with 0–10V motion-sensor control (supplied by electrical contractor). Installed marine-grade stainless steel ductwork with 50mm internal acoustic insulation, selected for durability in high-humidity, corrosive environments. Delivered a full make-up air system, including stainless steel ducting, weatherproof external louvres, and vertical discharge cowls extending 1000mm above roof level. All penetrations and roof interfaces were weather-sealed using custom stainless steel flashings, angles, and overflashings to ensure weather tightness and visual integration. Painted exposed ductwork and grilles to match architectural finishes. Provided static pressure calculations, workshop drawings, and full documentation including as-built drawings, O&M manuals, and a 12-month defects liability period. Conducted on-site training session for building operators to familiarise them with the system's operation and maintenance requirements. Electrical Works (Supporting and Independent): In conjunction with HVAC-R works, Hix Group's Electrical Services Division undertook a substantial scope, including: Installation of new Main Switchboard (MSB) and consumer mains. Extensive underground conduit and cable reticulation throughout the park precinct. Installation of public park lighting, amenities power and lighting, and Level 1 lighting works. Fit-out of amenities buildings, including Dynalite lighting control systems. Installation of security systems (CCTV and access control) and communications cabling for the amenities block. Full as-installed documentation and commissioning. This project demonstrated Hix Group's capability to deliver integrated electrical and mechanical services to a high architectural standard, with complex site logistics, coordination with multiple stakeholders, and delivery of critical infrastructure in a high-profile public space.			

(Please provide at least 3 projects, attach additional table / separate page if necessary.)

Schedule 7. **Current council clients**

HIX GROUP PTY LTD

RFT C11/2025

Provide details of any councils to which you are currently providing the goods/services described in Tender C11/2025 part 2.1 Services.

Council name	# years goods/ services provided
Penrith City Council	20 years
Hawkesbury City Council	8 years
Cumberland City Council	7 years
Fairfield City Council	6 years
Blue Mountains City Council	8 years
Strathfield Council	3 years
City of Parramatta	6 years
Campbelltown City Council	2 years

Schedule 8. Referees

HIX GROUP PTY LTD

RFT C11/2025

Provide the names of at least 2 referees. Such referees should be senior representatives of other councils or relevant clients.

Referee 1			
Council/Client	Keyton		
Project	On-going HVAC-r services		
Years serviced	5 years		
Contact name	Ben Cadwallader		
Telephone	+61290701839	Email	Ben.cadwallader@keyton.com.au

Referee 2			
Council/Client	Penrith City Council		
Project	St Clair Recreation Centre – Evaporative Cooling		
Years serviced	20+ Years		
Contact name	Olivia Choi – Project Supervisor		
Telephone	0433 264 910	Email	Olivia.choi@penrith.city

Referee 3			
Council/Client	School Infrastructure NSW		
Project	Mt Victoria Public School – Electrical & HVAC-r upgrade + on-going services		
Years serviced	2 years

Schedule 9. Service Delivery Performance

HIX GROUP PTY LTD

RFT C11/2025

Provide details to demonstrate how the requirements defined Tender C11/2025 part 2.1 Services will be met. In particular, regarding technical requirements and the following:

- (1) Licence and Qualification;
- (2) Principal address of the company;
- (3) Company organisation and key management and supervisory staff;
- (4) Company resources including:
 - (a) Size of workforces, plant and equipment (please complete the attached table with any supporting documents)
 - (b) Suppliers and subcontractors (please complete the attached table and provide the recent history of their participation in tenderer's projects)
- (5) Quality management plan, inspection & testing plan;
- (6) Certificates of third party accreditation on quality management, work health and safety and environmental management;
- (7) Sample reports, checklists, etc.
- (8) Methodology and procedures;
- (9) Any other supporting information such as appreciation letters and completed job photos to demonstrate good past performance.
- (10) Outline the proposed schedule, which should include:
required dates
milestones

Milestone	Start Date	End Date
Site establishment, safety and access preparation	30/09/2025	
Removal of redundant equipment (fans, exchangers etc.)		
Pouring and curing of concrete plinths for chillers		
Delivery and installation of new chillers		
AHU 1 & 3 internal plenum modification		
Installation of coils, drift eliminators, and sumps		
Supply & install EC fans and new access panels		
Pipework and ductwork modifications		
Electrical upgrades and cabling works		
BMS integration and BACnet configuration		
Testing and commissioning		
Handover, documentation, and practical completion		
12-month defect liability and maintenance period begins		

- (11) The following milestones are not subject to negotiation. You must confirm you can meet these in your Response:

Start of operation will be **25 Aug 2025**.

Tenderer must provide in the proposed schedule how they shall minimize disruption to Council's current operations.

	Tender Response	Supporting documentation / samples attached where applicable (Y/N)
	Answers to Councils questions:	
Explain how you will ensure timely delivery of services to meet the required completion date. This is a critical factor for the evaluation of your offer.	We will ensure timely delivery through a detailed construction program, early procurement of long-lead items, and engagement of experienced subcontractors with confirmed capacity. A dedicated project manager and site supervisor will oversee delivery, supported by weekly progress reviews and proactive risk management. With early planning, clear communication, and strict milestone tracking, we are fully committed to meeting the required completion date.	Y – "Schedule 9 – Service Delivery Performance"
Confirm the origin from which you will be purchasing the main equipment. This information is essential for the evaluation of your offer.	Carrier, TLE Electrical, Actrol, Austcoil	Y – "Schedule 9 – Service Delivery Performance"
Is the current allocated space sufficient to accommodate the proposed reverse-cycle air-cooled modular chiller system and associated components? If not, outline the necessary modifications and provide justifications for each, considering structural, electrical, ventilation, and accessibility requirements.	Yes – the current allocated space is sufficient to accommodate both the refurbished Air Handling Units (AHU-1 and AHU-3) and the proposed heat pump systems and all associated components.	N
Confirm that your quoted offer includes a catalogue and technical specification sheets for all proposed equipment. This is a mandatory requirement for your offer to be considered valid.	We confirm that our quoted offer includes a complete catalogue and technical specification sheets for all proposed equipment. This documentation has been provided as part of our submission in accordance with the mandatory requirements of the tender.	Y
Confirm that your quoted offer includes a draft diagram detailing the layout, fit-out arrangement, connections, and any required modification works. This is a mandatory requirement for your offer to be considered valid.	We confirm that our quoted offer includes a draft diagram detailing the proposed layout, fit-out arrangement, service connections, and any required modification works. This has been provided in accordance with the mandatory requirements of the tender.	Y
Confirm that your quoted offer includes details on the installation crew, including skills and experience. This is a mandatory requirement for your offer to be considered valid.	We confirm that our quoted offer includes detailed information on the proposed installation crew, including their qualifications, relevant licences, and experience delivering similar HVAC upgrade projects. This information has been included as part of our submission in accordance with the mandatory requirements of the tender.	Y – "Part 5 - Schedule 4 - Key Personnel"

Confirm that your quoted offer includes product warranty details, including terms and any maintenance or service fees. This is a mandatory requirement for your offer to be considered valid. Provide a list of subcontractors, their role in the project, and their documents and historical performance, if external subcontractors are used.	We confirm that our quoted offer includes detailed information on the proposed installation crew, including their qualifications, relevant licences, and experience delivering similar HVAC upgrade projects. This information has been included as part of our submission in accordance with the mandatory requirements of the tender. Borger Cranes	Y Y – “Part 5 - Schedule 5 - Insurance”
---	---	---

Schedule 10. **Fee structure**

HIX GROUP PTY LTD

RFT C11/2025

The prices you offer below must be:

- in Australian dollars
- the same regardless of the mode of payment
- quoted on a **lump sum basis**

The prices you offer must also:

- be available for us to accept during the Validity Period, even if we may have negotiated the Response in the meantime
- take into account our provisions around liability, indemnity and risk.

Unless you indicate otherwise, prices must also include:

- Goods and Services Tax (GST) with a breakdown shown clearly on invoices
- all applicable levies, duties, taxes and charges
- any out-of-pocket expenses, including travel and accommodation within NSW.

Council will not accept any fees or charges other than the ones in your Response.

Table 1: Schedule of Performance –Heat Pump Chillers

Description	Heat Pump Chiller Specification	Alternative Spec (Tenderer to Provide if Deviating from Specs)
Type	Water source heat pump chiller	
Refrigerant	R410a	
Compressor type and number	Four (4) off scroll compressors	
Compressor starting	‘Soft’ start with phase loss sensing	
Chilled water flow rate, L/s	5.75	
Chilled water ent/lvg temperature, °C	12.2/5.6 °C	
Ambient temperature, °C(db)	35 °C	
Evaporator Fluid Type	Fresh Water	
Heating capacity, kW	212	

Condenser water flow rate, L/s	10.2	
Condenser water ent/lvg temperature, °C	45/50 °C	
Ambient temperature, °C(db)	7 °C	
Evaporator Fluid Type	Fresh Water	
Control	Must be fitted with BACnet over IP gateway	
In Built Condenser and Evaporator Primary Pumps & VSDs	Yes	
Basis of Design	Carrier 61WG 190A	
Quantity	2	

Table 2: Pricing Schedule – AHU 1 & 3 Refurbishments

Item No.	Service Details	Price excl GST	GST	Price incl GST
1.0	Removal and disposal of redundant services including fans and exchangers	\$14,660.00	\$1,466.00	\$16,126.00
2.0	Supply, deliver and install (2) water-cooled chillers with inbuilt pumps and BACnet HLI card	\$211,370.00	\$21,137.00	\$232,507.00
3.0	Supply, deliver and install (8) EC fans, doors, panels, louvres	\$72,050.00	\$7,205.00	\$79,255.00
4.0	Supply and install coils: evaporator (4), condenser (2), run-around (4), and pumps (2)	\$90,112.00	\$9,011.20	\$99,123.20
5.0	Supply and install insulated copper pipes & fittings with metal cladding and all associated valves	\$77,400.00	\$7,740.00	\$85,140.00
6.0	Modify, supply and install exhaust ductwork	\$12,580.00	\$1,258.00	\$13,838.00

Total		\$620,152.00	\$62,015.20	\$682,167.20

Schedule 11. Corporate social responsibility

HIX GROUP PTY LTD

RFT C11/2025

In a maximum of 1 paragraph only, provide details of the company's Corporate Social Responsibility (CSR) Plan or Policy, an example of 1 initiative undertaken within the last 3 years, or a project that provided community benefit.

As a BGIS company, HIX Group is deeply committed to Corporate Social Responsibility (CSR), integrating social and environmental sustainability into every aspect of its operations. The company's CSR strategy is structured around four foundational pillars: Diversity and Inclusion, Indigenous Engagement, Community and Social Impact, and Environmental Sustainability. One significant initiative that exemplifies BGIS' commitment is its Stretch Reconciliation Action Plan (RAP) 2023–2026, which builds upon previous RAPs to foster genuine partnerships with Aboriginal and Torres Strait Islander peoples. A notable example under this plan is BGIS' joint venture with Bennelong Energy Services—an Indigenous-owned electrical and security maintenance company—which has created employment and apprenticeship pathways for Indigenous Australians. This initiative not only delivers community benefit but also exemplifies how HIX Group aligns its business growth with meaningful social impact.

Please refer to the attached:

- ***BGIS ANZ CSR Policy Jan 2022 - Part 5 - Schedule 11***
- ***BGIS Indigenous engagement brochure - Part 5 - Schedule 11***
- ***BGIS_Stretch-RAP_2023---RA-ENDORSED - Part 5 - Schedule 11***
- ***Diversity and Inclusion Policy - Part 5 - Schedule 11***

Schedule 12. Qualitative (Sustainability)

HIX GROUP PTY LTD

RFT C11/2025

Explain your understanding of sustainability and provide examples of how you support sustainability within your organisation?

HIX Group maintains a comprehensive suite of sustainability policies and position statements that reflect our commitment to environmental stewardship and sustainable development. Central to our approach is the Global Environmental Policy, which outlines our dedication to sustainable resource use, climate change mitigation, biodiversity protection, and pollution prevention. This policy is certified under ISO 14001:2015 and is integrated into our certified Environmental Management System (EMS).

We also uphold a Sustainable Procurement Policy, and a Sustainable Procurement Framework aligned with ISO 20400, ensuring environmental and ethical considerations across our supply chain. These commitments are supported by annual ESG reporting, internal sustainability targets, and a dedicated ESG Board overseeing our global strategy.

Please refer to attached supporting documents:

- **'PROC-G-005 Sustainable Procurement Framework – Part 5 – Schedule 12'**
- **'Sustainable Procurement Policy – Part 5 – Schedule 12'**
- **'Environmental Management Plan – Part 5 – Schedule 12'**
- **'APAC Environmental Policy 2025 – Part 5 – Schedule 12'**

HIX Group undertakes a wide range of sustainability initiatives that go beyond our formal environmental management policies. These initiatives include:

- **Employee Engagement & Training:** All HIX Group employees receive environmental and sustainability training through structured onboarding and ongoing development programs. Topics include energy conservation, waste minimisation, and sustainable work practices.
- **Sustainability Innovation Awards:** HIX Group annually recognises suppliers and partners through the BGIS Global Supplier Innovation Awards, rewarding sustainable innovations in energy efficiency, waste reduction, and circular economy practices.
- **Sustainable Transport Encouragement:** We promote the use of electric vehicles through support for EV charging infrastructure across client sites and offer alternative transport options such as hybrid fleet vehicles.
- **Sustainability Volunteerism & Community Events:** HIX Group teams participate in community-driven activities such as tree planting, habitat restoration, and local charity engagement. In 2023, HIX Group staff across regions volunteered with organisations like Habitat for Humanity and Dress for Success, contributing to both social and environmental impact.
- **Blue Zone Buildings™ Initiative:** Piloted technologies in 2023 that reduced airborne pathogens by up to 95%, promoting healthier indoor environments with lower energy consumption.
- **Circular Economy Pilots:** Implemented programs such as AI-powered waste sorting, mechanical composting, and recycling of plexiglass from COVID-era installations.

These initiatives reflect our culture of "Living Sustainability", one of HIX Groups core values.

Schedule 13. **Qualitative (EEO & Fair employment)**

HIX GROUP PTY LTD

RFT C11/2025

Complete the following table to provide detail of your enterprise's management and commitment to sound employee and industrial relations practices.

Employee and workplace policies

Does your enterprise have employee or workplace policies on any of the following?

		Copy of policy attached	Copy of policy can be found at:
☒	Recruitment	☒ Yes ☐ No	Part 5 - Schedule 13 - Recruitment Policy
☒	Training and development	☒ Yes ☐ No	Part 5 - Schedule 13 - Staff Training Policy
☒	Equal employment opportunity	☒ Yes ☐ No	Part 5 - Schedule 13 - Industrial Relations Policy
☒	Anti-discrimination	☒ Yes ☐ No	Part 5 - Schedule 13 - EEO-Anti Discrim Policy
☐	Unionism	☐ Yes ☐ No	
☒	Consultation	☒ Yes ☐ No	Part 5 - Schedule 13 - WHS Consultation Policy
☒	Dispute resolution	☒ Yes ☐ No	Part 5 - Schedule 13 - Complaints and Grievance Policy
☐	Other	☐ Yes ☐ No	

Has the organisation nominated a management representative to oversight the implementation of these policies?

☒ Yes ☐ No

If yes, provide contact details:

Name

Patrick Torres

Phone/email

patrickt@hix.com.au 0420593947

Payment of wages and superannuation

Did the organisation cause any breach of legislation regarding payment of wages and superannuation?

☐ Yes ☒ No

If yes, please provide details of the breach, outcomes and any rectifications or improvements made to prevent recurrence.

Aboriginal and Torres Strait Islanders

Does the organisation have a specific policy on employing persons of Aboriginal & Torres Strait Islander descent?

☒ Yes ☐ No

If yes, provide details of how many employees and their history employment.

Yes, please refer to the attached:

- ***BGIS Indigenous engagement brochure - Part 5 - Schedule 11***
- ***BGIS Stretch-RAP_2023---RA-ENDORSED - Part 5 - Schedule 11***

How does the organisation demonstrate commitment and capacity to create and extend opportunities for Aboriginal people and enterprises through this contract, which is in line with the principles of 'Engaging with Local Aboriginal Communities' from NSW Dept of Local Government?

BGIS, and Hix Group as an extension, demonstrates a deep and ongoing commitment to engaging with Aboriginal communities and enterprises through a structured and strategic framework embedded across all levels of our operations. Our approach is aligned with the principles of the NSW Department of Local Government's 'Engaging with Local Aboriginal Communities' and is driven by our Stretch Reconciliation Action Plan (RAP) 2023–2026, developed in collaboration with Reconciliation Australia.

Key demonstrations of our commitment and capacity include:

1. **Employment and Career Pathways**

Established robust pathways to increase Aboriginal employment, with targeted programs such as:

- o Ongoing partnerships with CareerTrackers and the NRL School to Work program, through which over 45 internships and 20+ apprenticeships/traineeships have been offered to Aboriginal and Torres Strait Islander youth.
- o A target to grow Aboriginal and Torres Strait Islander representation in our Australian workforce from 3% to 9% by 2025, supported by tailored pre-employment, leadership, and mentoring programs.
- o A dedicated National Indigenous Engagement Manager who facilitates culturally appropriate recruitment and retention strategies.

2. **Support for Aboriginal-Owned Businesses**

- o A long-standing Corporate Member of Supply Nation and was awarded the 2022 Supply Nation Corporate Member of the Year.
- o In 2023 alone, spent over \$57 million with Indigenous suppliers, and we maintain a RAP target of allocating 3% of all contracts (by volume) to Aboriginal and Torres Strait Islander businesses.
- o Through our Joint Venture with Bennelong Energy Services, a majority Indigenous-owned electrical and security services business, we deliver services on government and commercial contracts while supporting Indigenous enterprise development.

3. **Local Community Engagement and Partnerships**

- o Actively engages with Local Aboriginal Land Councils and stakeholders across all contract regions. These include partnerships with organisations such as Cowboys House, Tauondi Aboriginal College, and the Clontarf Foundation, which deliver grassroots support for education, employment, and wellbeing.
- o Our RAP Working Group includes at least four Aboriginal and/or Torres Strait Islander employees and regularly consults on policy development, events, and cultural engagement activities.

4. Cultural Competency and Awareness

- o All employees complete structured cultural awareness training during onboarding, with annual refresher training required. Senior leaders also receive face-to-face learning.
- o Sites and documentation are visually inclusive, incorporating Aboriginal artwork and locally significant names for meeting rooms, to promote cultural respect and identity.
- o Reconciliation events, yarning circles, NAIDOC and NRW celebrations are embedded as part of our national program to foster mutual respect and shared understanding.

In summary, BGIS & Hix Group brings a well-governed, action-driven strategy to this contract, with clear, measurable outcomes in Aboriginal employment, business participation, cultural education, and community collaboration. Our embedded structures, proven partnerships, and sector-leading procurement performance reflect our strong capacity to deliver meaningful and lasting engagement with local Aboriginal communities.

Apprenticeships and traineeships

Does the organisation offer apprenticeships or traineeships?

☒ Yes ☐ No

If yes, provide details of how many and at what level each trainee or apprentice is at.

Our organisation proudly employs 18 apprentices across various divisions, representing a dynamic mix of talent from 1st Year beginners to 4th Year seasoned learners. This commitment to apprenticeship reflects our dedication to developing skilled professionals through hands-on experience and continuous learning in diverse areas of our business.

Other

Provide any other details in relation to skills which you consider to be relevant in support of this contract.

In addition to our core technical capabilities, we offer the following skills and experience that strengthen our ability to deliver this project successfully:

- **Complex HVAC Upgrade Experience:** Our team has extensive experience delivering similar HVAC upgrade works in operational public facilities, including libraries, education campuses, and civic buildings. This ensures we understand how to stage works with minimal disruption and strict safety compliance.
- **Integrated Mechanical and Electrical Capability:** With in-house electrical and mechanical teams, we provide seamless coordination between services, ensuring efficient installation,

reduced delays, and faster resolution of interface issues such as BMS integration, switchboard modifications, and controls.

- **Commissioning and System Optimisation Expertise:** Our commissioning team is skilled in the fine-tuning of chilled water systems, load balancing, and verifying performance against design intent. We also offer post-completion performance reviews to ensure the system continues operating efficiently over time.
- **WHS and Compliance Leadership:** We are highly experienced with government WHS requirements and complex contract documentation. Our safety systems exceed minimum standards and are backed by ISO-certified processes.
- **Client Communication and Stakeholder Engagement:** Our project managers are experienced in working closely with council representatives, site users, and other contractors to keep all parties informed and ensure smooth project progression with minimal disruption to daily operations.

These skills, combined with our proven delivery systems and qualified personnel, ensure we are well-positioned to meet and exceed the expectations of this contract.

Industrial relations undertaking

This undertaking must be completed by all tenderers and lodged as part of their proposal. Any Proposal in which this form is not completed may be regarded as non-conforming.

I (name)

Paul Humphreys

of (address)

1/10 Production Place, Jamistown, NSW 2750

do hereby
undertake that:

- ☒ Now and for the duration of the Contract to use its best endeavours to ensure that a good industrial record is maintained.
- ☒ Best endeavours must be used to ensure all subcontractors engaged in the performance of the work under the Contract maintain a good industrial record.
- ☒ Where consent is sought under the Contract for the engagement of a sub-contractor to provide goods or services to Council, a similar undertaking must be obtained from the sub-contractor and submitted with the Respondent's request for consent.
- ☒ Adherence to the required Codes of Industrial Conduct at all times now and in the future will be the measure by which a "good industrial record" is determined for the purposes of the undertaking.

Schedule 14. **Work, health and safety**

HIX GROUP PTY LTD

RFT C11/2025

Blacktown City Council WHS Policy 100 is attached, by submitting tender submissions, the tenderer is deemed to have read and agreed to comply with Council's WHS Policy.

The following documents in Appendices 1 to 3 are required to be completed and submitted with the tender submission. **Failure to attach the completed WHS forms may cause your submission non-compliant and will not be considered:**

Document #	Document name
WHS051.5	Contractor WHS Code of Conduct
WHS051.11	Contractor Scope of Works & Requirements
WHS051.8	Subcontractor Statement
WHSPOL 100	Work Health and Safety (information only)

The following documentation that verifies the application of your WHS processes must also be submitted with the tender: (check the following box when it is attached)

Corporate	
WHS Manual, policy and procedures	☒
WHS responsibilities allocation table / chart	☒
WHS consultation statement	☒
Sample completed WHS inspection checklist and records	☒
Sample completed hazard report/corrective action records	☒
Injuries and Incidents	
Sample completed register of injuries	☒
Sample completed incident report	☒
WHS penalty notices, improvement notices, prohibition notices or prosecutions issued to your organisation or your subcontractors by SafeWork NSW (if any in the last 3 years)	☐
General WHS Training	
Sample WHS induction training record	☒
Sample WHS consultation training records	☒
Sample First Aid training record	☒
Confined space entry training records (if any)	☒
Plant operator training and certification records (if any)	☒
Sample safe operating procedures training record	☐
Sample training and induction programs schedule and records	☒

Schedule 15. Modern Slavery

Supplier Questionnaire – Identifying modern slavery risks

This is a confidential Questionnaire for suppliers of goods and services to Blacktown City Council. Our suppliers are asked to complete the Questionnaire honestly and with as much detail as possible. Completed Questionnaires will be confidential and will not be shared beyond Blacktown City Council. We are requesting this information so that we can better detect and manage Modern Slavery risks associated with our supply chain.

Contact details – Blacktown City Council	
Business name	Blacktown City Council
Contact person	Mohsen Mousavi
Contact email	mohsen.mousavi@blacktown.nsw.gov.au
Contact phone	0447485842

Please complete the below questions in as much detail as possible. Please return the completed Questionnaire to the nominated contact above.

Contact details - Supplier	
Organisation name	HIX GROUP PTY LTD
Organisation address	1/10 Production Place, Jamisontown, NSW 2750
Australian Business Number	52 090 733 332
Parent company (if applicable)	BGIS PTY LTD
Contact person	Paul Humphreys
Contact email	paulh@hix.com.au
Contact phone	0449 717 145
Date of Questionnaire completion	23/05/2025
I confirm that the information provided/answers given, are true and correct to my knowledge at the time of completing this survey.	☒ Yes

Questions	
Is your organisation required to report under the <i>Modern Slavery Act (Cth) 2018</i> ? If so, please attach a copy of your modern slavery statement(s) or provide details of statement preparation activities undertaken so far.	☐ Yes ☒ No
Please provide details here, if relevant.	
Does your organisation have any policies relating to managing the risks generally associated with Human Rights, Corporate Social Responsibility, Ethical Sourcing, Fair Employment Practices and fair payments to subcontractors and employee's?	☒ Yes ☐ No
If yes, please provide details. Yes - Please see attached EEO- Anti Discrimination Policy	

Does your organisation undertake activities to detect and manage modern slavery risks within your organisation?	☒ Yes ☐ No
If yes, please provide details. Yes, HIX Group, maintains a high level of visibility and control over its suppliers' subcontractors and third-party organisations, particularly in relation to fair labour practices and ethical sourcing. Subcontracting is strictly controlled under BGIS's corporate procurement framework. Suppliers are not permitted to engage subcontractors without BGIS's prior written consent through a formal approval process. All approved Tier 2 subcontractors are centrally recorded to maintain clear oversight. Contracts require that all obligations regarding fair labour, ethical sourcing, and Modern Slavery Act 2018 (Cth) compliance flow down to all subcontractors. Suppliers and subcontractors must explicitly commit to prohibiting forced, bonded or child labour, maintaining fair and lawful employment practices, and ensuring safe and inclusive workplaces. During onboarding, all suppliers and subcontractors are required to complete Modern Slavery declarations, with further due diligence conducted for higher-risk categories. Subcontractors must also comply with prequalification and induction requirements, including provision of Safe Work Method Statements (SWMS) and verification of worker credentials. Ongoing visibility is maintained through BGIS's audit rights, compliance monitoring, and centralised registers, which enable Procurement, Legal and Contract Managers to oversee subcontractor practices. Tier 1 suppliers remain contractually responsible for ensuring their subcontractors meet all compliance requirements, including those relating to fair labour and ethical sourcing.	
Does your organisation undertake activities to detect and manage modern slavery risks within your supply chain?	☒ Yes ☐ No
If yes, please provide details. es, HIX Group, maintains a high level of visibility and control over its suppliers' subcontractors and third-party organisations, particularly in relation to fair labour practices and ethical sourcing. Subcontracting is strictly controlled under BGIS's corporate procurement framework. Suppliers are not permitted to engage subcontractors without BGIS's prior written consent through a formal approval process. Ongoing visibility is maintained through BGIS's audit rights, compliance monitoring, and centralised registers, which enable Procurement, Legal and Contract Managers to oversee subcontractor practices. Tier 1 suppliers remain contractually responsible for ensuring their subcontractors meet all compliance requirements, including those relating to fair labour and ethical sourcing.	
Has your organisation formally undertaken a modern slavery risk assessment for your supply chain?	☒ Yes ☐ No
If yes, please provide details.	

Yes. HIX Group, has formally assessed modern slavery risks across its operations and supply chains, using a structured risk assessment framework aligned with the Modern Slavery Act 2018 (Cth).

Modern slavery risk assessments consider multiple factors, including geographic risk (using the Global Slavery Index), industry and category risk, labour practices, and ethical sourcing risks associated with particular materials and products. Suppliers are assessed during onboarding, with higher-risk categories, such as cleaning, security, construction materials, textiles, and ICT equipment, subject to enhanced due diligence.

BGIS rates suppliers based on residual risk and applies proportionate levels of monitoring, audit, and contractual oversight. Within BGIS's own Australian operations, inherent risk is assessed as low, due to a direct employment model and strong legal and governance controls. However, certain Tier 1 and Tier 2 suppliers, particularly those using subcontract labour or sourcing materials internationally present higher risk areas, which are actively managed.

Modern slavery risk assessments are updated annually as part of BGIS's Modern Slavery Statement process. The organisation continually refines its risk model based on audit outcomes, industry trends, and evolving global risks to ensure effective identification and mitigation of modern slavery risks across its operations and supply chains.

Does your organisation provide or give access to modern slavery related training for staff and/or your supply chain?

☐ Yes

☒ No

If yes, please provide details.

No, Hix Does not provide this training but has been discussed to do so.

Which country(ies) are the products you provide manufactured in? Include countries where raw materials and any components are sourced (if known).

Please provide details here.

All Local made Australia

Schedule 16. Acknowledgement receipt of Addenda and Tenderer's Declaration

HIX GROUP PTY LTD

RFT C11/2025

Tenderer is to acknowledge the receipt of the following addenda during the tender period. This Tender has been prepared having regard to the addenda listed below:

Addendum No.	Brief Description (e.g. Specification Page No, Clause No, Schedule No)	Date Received
Addendum No. 1	Addendum 1: In Page 5, section 2.1c, the last two points are removed.	
	Addendum 2: In Page 6, section 2.2. Service, the anticipated start date is replaced with 30 Sep 2025.	

Declaration

Please complete the declaration below. By including this document you are providing an electronic signature for this declaration under the *Electronic Transactions Act* and corresponding state and territory acts.

I (name)	Paul Humphreys
of (tenderer)	Hix Group Pty Limited
being (occupation)	Head of Services
Declare that:	☒ The Tenderer offers to supply the requirement, described in RFT issued by Blacktown City Council, in accordance with the Pricing Schedule contained in its Tender. ☒ The Tenderer agrees to comply with its obligations under the Tender and acknowledges and agrees with Blacktown City Council's rights under the Tender. ☒ The Tenderer confirms its capacity to bid on the requirement in the Tender and that there is no restriction under any relevant law to prevent it from bidding. ☒ The Tenderer consents to Blacktown City Council undertaking checks in accordance with this Tender. ☒ The Tender remains open for acceptance for 120 Days from the Closing Time in accordance with the Tender.
