

Blacktown
City Council

Part 5 Returnable Schedules

Request for tender

**MAIN POOL HALL AIR HANDLING UNITS UPGRADE –
BLACKTOWN LEISURE CENTRE STANHOPE**

Contract No: C11/2025

Trim File No: F25/971

SDE Consultants Pty Ltd

SDE Consultants Pty Ltd

1. Instructions

Use the following templates to complete the required Schedules for RFT C11/2025.

Tenderer must provide the requested information in the following returnable schedules using this DOCX file and 'saved as' PDF file for submission.

Failure to complete the returnable schedules or to provide required supporting documents may constitute non-conformance of the tender at Council's absolute discretion.

If the returnable schedules do not have enough space, please provide your information in a separate attachment and reference them in the returnable schedules.

Unless otherwise stated, all documents (including returning schedules and supporting documents) must be 'saved as' PDF files.

Refer to Schedule 10 Fee Structure, the prices must be clear, not open for interpretation and without ambiguity. Zero or blank prices should be replaced by 'included' or 'excluded' as the case maybe with explanation and detailed breakdown of costs. Nevertheless, Council is not obliged to accept any tender offer with 'included' or 'excluded' pay items.

2. Supporting information from tenderers

The tenderer must provide documentary evidence to prove it has the necessary:

- Compliance with the tender,
- Relevant experience, qualifications and licences
- Capacity (including past performance and resources)
- Methodology to undertake works
- Management & financial capacity (with annual financial statements for the last 3 years)
- Quality management (including quality management policy, management plan, forms and checklists)
- WHS management (including completed council's WHS forms appendices 1 to 3, WHS management policy and plan, safe work method statements, checklists & forms)
- Sustainable environmental management (including environmental management policy and plan).
- Copies of certificates for the required third-party accreditations
- Copies of certificates of currency for the required insurances
- Equal employment opportunity and fair employment

We encourage Tenderers to submit any additional relevant information that may assist in assessing tenders.

3. Reference checklist of tender submission

The following checklist helps the tenderer with the preparation of their tender. Please note that it is not exhaustive and each **Tenderer must inform themselves that the tender submission requirements** in reference to the tender documents, attachments and addenda are complete.

Returnable Schedules		included
Schedule 1	Corporate information & Declaration	☒
Schedule 2	Financial capacity	☒
Schedule 3	Confidentiality and Conflict of Interest	☒

Schedule 1. Corporate Information & Declaration.

SDE Consultants Pty Ltd

RFT C11/2025

Provide details of the Tenderer's company structure, history and director profiles and the following:

Company details		
Trading name	SDE Consultants Pty Ltd	
Legal name	SDE Consultants Pty Ltd	
ABN	31 681 504 772	ACN (if applicable)
Entity type	Private Company	
Trading address	30 Tillock Street, Thornleigh, NSW	
Phone	0431 270 339	Fax

Contact details		
Name	Brad Smithson	
Position	Director	
Address	☒ as above or:	
Phone	Mobile	0431 270 339
Email	bsmithson@sdeng.com.au	

Declaration

Please complete the declaration below. By including this document you are providing an electronic signature for this declaration under the *Electronic Transactions Act* and corresponding state and territory acts.

I (name)	Brad Smithson	
of (address)	30 Tillock Street	
being (occupation)	Director, SDE Consultants	
Declare that:	I declare that the company listed above: • has authorised me to make this declaration personally and on its behalf ☒ • is solvent and not undergoing any proceedings or negotiations that may lead to an Insolvency Event ☒ • has no actual or potential conflict of interest that would affect how it meets its obligations under any later Contract if the Response succeeds ☒ • accepts the Conditions of tender, Conditions of engagement and any other terms and conditions on the eTender website ☒ • agrees to be bound by this Agreement and to provide the Services in line with it. ☒ I declare that this Response to C11/2025 is: • conforming, complete and meets all requirements, or ☒	

- non-conforming, and proposes an Alternative Response in line with section 1.3 of the Conditions of tender and as detailed at section **Error! Reference source not found.**1 of the Request for Tender. ☐

I am not aware of any conflicts of interest other than those in Part 5 Schedule 3. ☒

I specifically note and accept the:

- professional indemnity insurance requirements (see section Part 5 Schedule 5 and clauses 1.1m)–p) of the Conditions of engagement) ☒
- liability conditions (see section 4.2 of the Conditions of engagement) ☒

I agree that I will:

- keep all information about the Services confidential, including any information I receive or create while providing the Services or executing the Contract ☒
- only use any information as it relates to the Contract ☒
- not remove, photocopy or otherwise reproduce any documents Council has given me access to ☒
- not release or make public any information without Council's written consent, unless the Contract allows otherwise. ☒

I further agree that I will:

- do my best to ensure that I, my Personnel and my subcontractors maintain a good industrial record, including adhering to the relevant awards, codes of industrial conduct, and industry and site agreements now and for the Contract's term ☒
- obtain this undertaking from any subcontractor I ask to use, and give this to Council when requesting its approval. ☒

By completing the fields below and lodging this Response on the eTender website, I am providing an electronic signature in line with *the Electronic Transactions Act 1999* (Cth) and related state and territory Acts.

Schedule 2. Financial Capacity.

SDE Consultants Pty Ltd

RFT C11/2025

Tenderer shall supply particulars regarding financial relationships and records for inspection and verification by Council.

TENDERER'S FINANCIAL INSTITUTION/BANK

Name of institution/bank:	Commonwealth Bank
Address:	Shop Sp128, Carlingford Court Pennant Hills Rd Carlingford NSW 2118
Manager:	-
Phone Number:	9871 5444
Facsimile number:	-
Term of engagement:	-
Overdraft Limit:	-

TENDERER'S ACCOUNTANT

Company:	Jane L Noller & Co Pty Ltd
Address:	3/374 Pennant Hills Road, Pennant Hills NSW 2120
Contact Person:	Jane Noller
Phone Number:	9980 5892
Facsimile number:	8079 0730
Term of engagement:	-

FINANCIAL DETAILS FOR LAST 3 YEARS

Provide documents and information listed below (Financial Statements for the last three years for the Tenderer, including balance sheets, profit and loss statements, an accountant's report and or where existing, auditors' reports.

(Notes: Tenderer's Financial Information will be treated confidentially.)

Annual financial statements for the last 3 years included

Yes ☐ No ☒

(If No, please provide reason

SDE Consultants Pty Ltd has been trading since October 2024, and as such has not completed a financial year.

SDE is financially solvent, and has no outstanding actions which may change this.

Schedule 3. Confidentiality and conflict of interest

SDE Consultants Pty Ltd

RFT C11/2025

Confidentiality

You may only disclose information about the Contract if it is:

- already in the public domain, other than as a result of your own acts or omissions
- required by law, court order, tribunal or another regulatory body, as long as you notify us of the need to disclose this.

Conflict of interest

You must:

- read the following Conflict of interest guidance along with section 2.3 of the Conditions of tender and clauses 1.1q)–s) of the Conditions of engagement
- understand that your obligation to declare any conflict is ongoing
- declare a conflict if one arises at any time.

You must take all reasonable steps to find any actual or potential conflicts, including confirming that there is no family relationship between:

- you or any of your employees who are directly or indirectly involved in preparing or submitting the Response, and
- any Council official or employee who is evaluating the Response or running this Agreement process, or who has confidential information about your Response.

Once a conflict has emerged, you must resolve it. You can either:

- remove the source of the conflict, such as by stopping a person with a conflict from completing this Response or delivering the Services
- make the information public to limit the risk.

Please list all actual or potential conflicts of interest you are aware of in the table below, or write 'None' if you have not identified any.

Conflict of interest	How it will be resolved
None	N/A
Add rows as needed	

Conflict of interest guidance

A conflict of interest:

- is a commercial or professional conflict (real, perceived, expected or possible) that either party identifies about carrying out the Services
- can include obligations and rights under this Agreement, or any other arrangement or agreement. Conflicts of interest can be financial, and may result from holding shares or positions in companies or trusts, owing debts, owning property, or receiving gifts, hospitality or sponsored travel. This list is not exhaustive, and you do not need to hold these financial interests yourself. If a family member or close associate holds them, it is as if you hold them due to the close relationship.

Other conflicts of interest are based on relationships. They often result from relationships in social groups based on a common interest, such as sports or culture, or family, sexual and other relationships.

For more on conflicts of interest, see the [NSW Independent Commission Against Corruption](#) website.

Schedule 4. **Key personnel**

SDE Consultants Pty Ltd

RFT C11/2025

Nominate the names of the management and supervisory principals that will be involved in the provision of goods/services set out in Tender C11/2025 part 2.1 Services. Please provide their CVs as supporting documents to demonstrate their years of relevant experience

Name	Brad Smithson			
Proposed position/capacity	Principal Engineer			
Qualifications/experience in providing requested goods/services	Chartered Professional Engineer, National Engineers Register			
Period providing goods/services	In current firm	1 year	total	12 years

Period providing goods/services	In current firm		total	

Schedule 5. **Insurance**

SDE Consultants Pty Ltd

RFT C11/2025

Your Response must include the certificates of currency for the insurance set out in the Conditions of tender and Conditions of engagement, or a guarantee that you will give these to us when we send you a Letter of engagement.

If your Response is successful, you are required under the Contract and this Agreement to effect and maintain the following insurance policies, as a minimum, during the Term and until the date stipulated below:

- workers compensation and related liability insurance in accordance with the requirements of the *Workers Compensation Act 1987* (NSW), until the expiry of the Contract;
- public liability policy of insurance in the amount of at least **[\$20,000,000]** for any one occurrence and unlimited as to the number of occurrences, until the expiry of the Contract;
- professional indemnity policy of insurance in the amount of at least **[\$10,000,000]** for any one occurrence and in the aggregate, until the date that is 7 years after the expiry of the Contract; and
- product liability policy of insurance in the amount of at least **[\$10,000,000]** for any one occurrence and in the aggregate, until the expiry of the Contract.

Provide details of insurance currently held by you and any proposed sub-contractor which would be extended to provide cover for work under the Contract.

1. Copies of all insurance certificates are required to be submitted as part of the tender submission.
2. Tenderers must advise they are prepared to increase their insurance coverage (if necessary), to meet Council's minimum requirements if deemed suitable.

Public Liability			
Insurer	QBE Insurance Australia Ltd		
Policy amount	\$20,000,000		
Policy certificate attached?	☒ Yes ☐ No	Council's minimum level of cover is \$20 million.	

Workers' compensation			
Insurer	Icare Workers Insurance		
Policy amount	\$100,000		
Policy certificate attached?	☒ Yes ☐ No	No. of workers insured:	1

Professional Indemnity			
Insurer	Dual Australia Pty Ltd		
Policy amount	\$1,000,000 per claim, \$2,000,000 aggregate SDE have included in this tender increasing professional indemnity coverage to \$10,000,000 immediately following award of this contract if successful.		
Policy certificate attached?	☒ Yes ☐ No	Council's minimum level of cover is \$10 million.	

Product Liability

Insurer

No current insurer. SDE have included in this tender to engage \$10,000,000 product liability coverage immediately following award of this contract if successful.

Policy amount

Policy certificate attached?

☐ Yes ☒ No

Council's minimum level of cover is \$10 million.

Other

Insurer

Suitable contract works insurance will be taken up by SDE following award of this contract if successful.

Policy amount

Policy certificate attached?

☐ Yes ☒ No

Subcontractors' insurance coverage

Please use the table below to provide current insurance details for any proposed sub-contractor, and note if you have attached the certificate.

Type	Cover amount	Details	Certificate attached?
Public liability	\$	<i>Subcontractor engagements will be finalised following award, at which point these insurance details will be provided.</i>	☐
Professional indemnity	\$	As above.	☐
Product liability	\$	As above.	☐
Workers compensation	\$	As above.	☐
Other	\$	As above.	☐

Liability cap

Your liability cap is stated in the Contract. Our liability cap is equal to the fees we pay you in the 12 months immediately before the date of a claim.

Schedule 6. Previous experience

SDE Consultants Pty Ltd

RFT C11/2025

Provide details of previous experience in the required services (including any specific experience with the public sector) as defined in Tender C11/2025 part 2.1 Services.

Total years of experience in providing the required services: 12 years

Years of service for State or local government authorities: 6 years

Please provide details of the recently completed / work in progress projects:

Project 1: Western Harbour Tunnel, Sydney - TfNSW

Client	Contract amount	Date Commenced	Actual or Estimated Completion Date (Mth/Yr)
Transport for NSW	Acciona Employee \$5billion contract	7/3/24	1/2028
Description of good / services provided: SDE's principal engineer Brad Smithson was employed as the principal mechanical engineer of the Western Harbour Tunnel project, an approximately \$5 billion total contract delivered by Acciona for Transport for NSW. Brad designed the mechanical HVAC system, and managed the technical delivery of the supply and install contract – an approximately \$25 million scope. This included detailed design, regularly interfacing and certification with TfNSW and their independent certifiers, and technical review and management of the subcontractors performing the works. As such Brad has significant experience delivering major government mechanical services scopes of work, and understands the needs and requirements of public sector projects. Brad left this position to operate his own business, SDE Consultants Pty Ltd.			

Project 2: St Vincent's Hospital Sydney, Various

Client	Contract amount	Date Commenced	Actual or Estimated Completion Date (Mth/Yr)
St Vincent's Hospital, Sydney	Various, see below.		
Description of good / services provided: SDE's staff members have delivered many mechanical & electrical projects for St Vincent's Hospital, Sydney and their associated organisations. This includes design and on-site technical construction management of the following, noting that direct construction works were by others: • Operating Theatre Precinct mechanical replacements - \$100k professional services ; \$2.5M construction • Cardiac Catheterisation laboratories refurbishment - \$80k professional services ; \$1.5M construction • Sacred Heart – Full building mechanical (chillers, AHU's and associated components) replacement - \$80k professional services ; \$2.0M construction • Sydney Heart Valve Bank – Mechanical refurbishment - \$80k professional services ; \$0.75M construction • Aikenhead Chilled Water Infrastructure – Full Hydraulic Refurbishment - \$50k professional services ; \$1.0M construction			

Project 3: Hawkesbury Hospital

Client	Contract amount	Date Commenced	Actual or Estimated Completion Date (Mth/Yr)
Hawkesbury Hospital (Hawkesbury District Health Service)	Various, see below		
Description of good / services provided:			

SDE's staff members have delivered mechanical & electrical projects for Hawksbury District Health Service, a 130+ bed public hospital in Windsor. Similarly, SDE staff provided design and on-site technical construction management services, whilst direct construction works were by others.

These projects include:

- **Whole-Hospital Asset Management & Condition Assessment - \$300k professional services**
- **Whole-Hospital Mechanical Systems Energy Modelling & Energy Efficiency Review - \$30k professional services**
- **Whole-Hospital Chilled Water Infrastructure Replacement – \$80k professional services ; \$1.5M construction**

(Please provide at least 3 projects, attach additional table / separate page if necessary.)

Schedule 7. **Current council clients**

SDE Consultants Pty Ltd

RFT C11/2025

Provide details of any councils to which you are currently providing the goods/services described in Tender C11/2025 part 2.1 Services.

Council name	# years goods/ services provided
No current council clients.	

Schedule 8. **Referees**

SDE Consultants Pty Ltd

RFT C11/2025

Provide the names of at least 2 referees. Such referees should be senior representatives of other councils or relevant clients.

Referee 1			
Council/Client	St Vincent's Hospital Sydney		
Project	Various, As Above		
Years serviced	3		
Contact name	Milad Melhem		
Telephone	0416 17 86 17	Email	milad.melhem@svha.org.au

Referee 2

Schedule 9. Service Delivery Performance

SDE Consultants Pty Ltd

RFT C11/2025

Provide details to demonstrate how the requirements defined Tender C11/2025 part 2.1 Services will be met. In particular, regarding technical requirements and the following:

- (1) Licence and Qualification;
- (2) Principal address of the company;
- (3) Company organisation and key management and supervisory staff;
- (4) Company resources including:
 - (a) Size of workforces, plant and equipment (please complete the attached table with any supporting documents)
 - (b) Suppliers and subcontractors (please complete the attached table and provide the recent history of their participation in tenderer's projects)
- (5) Quality management plan, inspection & testing plan;
- (6) Certificates of third party accreditation on quality management, work health and safety and environmental management;
- (7) Sample reports, checklists, etc.
- (8) Methodology and procedures;
- (9) Any other supporting information such as appreciation letters and completed job photos to demonstrate good past performance.
- (10) Outline the proposed schedule, which should include:
required dates
milestones

SDE Proposed Milestone Dates are shown below:

Milestone	Start Date	End Date
Contract Award		30/09/2025
Purchase of Chillers (20wk Lead Time + Christmas)	7/10/2025	
Purchase of Fans (14wk lead time + Christmas)	7/10/2025	
Subcontractor Engagement, Equipment Hire, etc. Lift & Access Planning & Approvals	30/09/2025	21/10/2025
Mechanical & Electrical Design	30/09/2025	25/11/2025
Site establishment, safety and access preparation	21/10/2025	4/11/2025
Mechanical Coils, Drift Eliminator & Sump Design Completed, Provided for Approvals	28/10/2025	4/11/2025
MSSB Design Complete, Provided for Approvals	28/10/2025	4/11/2025
Removal of redundant equipment (fans, exchangers etc.)	4/11/2025	11/11/2025
Purchase of Coils, Drift Eliminator & Sumps (4 Week Lead Time)	8/11/2025	
Purchase of MSSB (8 week lead time + Christmas)	8/11/2025	

Pouring and curing of concrete plinths for chillers	11/11/2025	25/11/2025
AHU Panel Design Completed, Provided for Approvals	11/11/2025	18/11/2025
Remainder of Design Completed. Provided for Approvals	25/11/2025	2/12/2025
Float - 1 Week	25/11/2025	2/12/2025
Initial installation of replacement AHU panels, doors, etc.	2/12/2025	9/12/2025
Installation of New Submain	2/12/2025	23/12/2025
Installation of coils, drift eliminators, and sumps.	9/12/2025	23/12/2025
Christmas Shutdown	23/12/2025	13/01/2026
Continued Installation of coils, drift eliminators, and sumps.	13/01/2026	27/01/2026
Arrival of New MCC	17/01/2026	
Installation of New MCC, including 1 day (outside of hours if needed) planned shutdown	17/01/2026	14/02/2026
Continued installation of replacement AHU panels, doors, etc.	27/01/2026	17/02/2026
Arrival of EC Fans	27/01/2026	
Delivery and Installation of new EC Fans	27/01/2026	10/02/2026
Final installation of replacement AHU panels, doors, etc.	10/02/2026	24/02/2026
Minor Electrical's Rough-In	24/02/2026	3/03/2026
Float - 1 Week	3/03/2026	10/03/2026
Exhaust ductwork replacements	10/03/2026	7/04/2026
Arrival of Chillers	10/03/2026	
Delivery and installation of new chillers	10/03/2026	24/03/2026
Electrical Wiring & Terminations	24/03/2026	21/04/2026
Installation of Pipework	24/03/2026	5/05/2026
Pressure Testing & Flushing of Pipework	5/05/2026	12/05/2026

Insulating Pipework	12/05/2026	2/06/2026
BMS integration and BACnet configuration	By Others per SoW. SDE will make themselves available to support as needed. 2 weeks allowed	
Testing and commissioning (Occurring alongside final pipework insulation activities)	26/05/2026	9/06/2026
Float - 2 Week	9/06/2026	23/06/2026
Handover, documentation, and practical completion	23/06/2026	

- (11) The following milestones are not subject to negotiation. You must confirm you can meet these in your Response:

Start of operation will be **25 Aug 2025**.

SDE Note Addendum 1, Start Date of 30 September 2025.

SDE confirm they have capacity to immediately begin works following contract award.

Tenderer must provide in the proposed schedule how they shall minimize disruption to Council's current operations.

	Tender Response	Supporting documentation / samples attached where applicable (Y/N)
	Answers to Council's questions:	
Explain how you will ensure timely delivery of services to meet the required completion date. This is a critical factor for the evaluation of your offer.	As above, Council's proposed start date of 25 Aug 2025, alongside Buy NSW proposed completion date of 31 Aug 2026 demonstrates Council's expectation of the works expected to take approximately 12 months. Per the above schedule, SDE are confident that our approach can reduce this timeline to approximately 9 month delivery period, including shut-downs to suit Christmas and other holiday periods. As shown in the proposed program above, SDE have capacity to immediately begin the works following contract award.	Y See proposed milestone dates above.
Confirm the origin from which you will be purchasing the main equipment. This information is essential for the evaluation of your offer.	Chillers: Carrier (France) Coils: Austcoil (Bankstown, NSW) Fans: EBM Papst (Germany) Pumps: Grundfos / Masterflow (Australia) Switchboards: Kerfoot / Stowe (Australia) Cabling: Electra / Nexans (Australia)	-

Is the current allocated space sufficient to accommodate the proposed reverse-cycle air-cooled modular chiller system and associated components? If not, outline the necessary modifications and provide justifications for each, considering structural, electrical, ventilation, and accessibility requirements. Confirm that your quoted offer includes a catalogue and technical specification sheets for all proposed equipment. This is a mandatory requirement for your offer to be considered valid.	This question appears relevant to the Library AC upgrades, not the pool upgrades. The pool upgrade works appears to have suitable room for the proposed water-source chillers within the plant room. Yes, this quoted offer includes full O&M Manuals, including technical datasheets and as-installed technical specifications for all equipment.	-
Confirm that your quoted offer includes a draft diagram detailing the layout, fit-out arrangement, connections, and any required modification works. This is a mandatory requirement for your offer to be considered valid.	Yes, this quoted offer includes full detailed design documentation. This will fully detail the proposed layout, connections and all works to be installed. These will be provided for Council approval prior to fabrication / installation.	-
Confirm that your quoted offer includes details on the installation crew, including skills and experience. This is a mandatory requirement for your offer to be considered valid.	As typical for mechanical services works, a team of trusted subcontractors including mechanical plumbers, sheet metal workers, electricians, riggers and the like will be utilised for this project. As described within Schedule 6 – Previous Experience, SDE's principal engineer Brad Smithson performed the roll of principal mechanical engineer of the Western Harbour Tunnel project, an approximately \$5 billion total contract currently being delivered for Transport for NSW, and this includes management of teams of subcontractors delivering the works. As such, SDE has significant experience delivering major government mechanical services scopes of work, and understands the needs and requirements of public sector projects. Only trusted and reputable subcontractors will be utilised, and these will be selected following contract award. Examples of subcontractors utilised are included below.	-
Confirm that your quoted offer includes product warranty details, including terms and any maintenance or service fees. This is a mandatory requirement for your offer to be considered valid.	Yes, this quoted offer include 12 month warranty on all newly installed items, and quarterly maintenance including chiller maintenance, water testing and treatment as needed, and air filter replacements.	-
Provide a list of subcontractors, their role in the project, and their documents and historical performance, if external subcontractors are used.	As above, only trusted and reputable subcontractors will be utilised, however these will be selected following contract award. Examples of subcontractors utilised by SDE include: Mechanical Plumbers: Axis Plumbing; Inline Plumbing Electricians: Kerfoot; Stowe, ARA Indigenous Services Sheet Metal: Simple Air Conditioning Commissioning Agents: Flowrite Commissioning	-
Minimisation of Council's Current Operations	All works for this pool HVAC upgrade are to be performed within the plant room, away from the	Y

	public and within an access controlled environment. Throughout the works, AHU-2 is expected to remain fully operational, with the only exception being one planned shut-down to perform the required electrical works. SDE's proposed accelerated program also provides for operation of these AHU's throughout the bulk of winter 2026, minimising the impact on comfort for clientele caused by these works.	See proposed milestone dates above.
SDE Personnel Licence's & Qualifications	SDE director Brad Smithson is a Chartered Professional Engineer, registered on the National Engineers Register, along with various state professional registers. SDE's electrical partner Tarek Kassab is also a Chartered Professional Engineer, registered on the National Engineers Register, along with various state professional registers.	-
SDE Principal Address of Company	30 Tillock St, Thornleigh NSW 2120	
Company Organisation & Key Staff	Brad Smithson: Director & Principal Engineer Tarek Kassab: Principal Electrical Engineer Brad Smithson will personally perform the day-to-day sub-contractor management and communication with Council throughout this project.	
Company Resources	As typical for mechanical services works, a team of trusted subcontractors including mechanical plumbers, sheet metal workers, electricians, riggers and the like will be utilised for this project. Company equipment which is expected to be utilised for this project includes 2T mobile gantry and mobile scaffolding.	
Quality Management Plan, Inspection & Testing Plan	ITPs will be developed for all equipment and systems prior to commissioning, and ITR (inspection test records) will be retained for all equipment and systems.	Y SDE Sample ITP
Certificates of third-party accreditations	SDE follows ISO9001, ISO14001 & ISO45001 principals, however is not formally certified. SDE have policy documents, shared with our subcontractors at the beginning of projects, outlining our expectations regarding Quality, the Environment & Safety.	Y SDE policy documents attached.
Sample Reports, Checklists	See attached sample ITP and Chain of Responsibility Checklist.	Y SDE Sample ITP and CoR checklist attached.
Methodology & Procedures	Brief methodology to deliver this package of works is outlined in the program presented above. Detailed methodologies and procedures will be developed through the detailed design phase of the project.	-

Specific Exclusions

SDE have included all scope items as specified. Whilst SDE exclude from this offer all items not explicitly included within the Scope of Works, SDE wish to highlight the following specific exclusions from their offer:

- No warranty or certification is provided for any existing equipment. This includes but is not limited to:
 - Pool Hall Ventilation Plant Sub-Board (Located in Main Switchroom)
 - MSSB-01
 - Existing penetrations
 - Plant room louvres
 - Existing submain to be relocated
- BMS control logic or wiring. The scope is understood to include supply and installation of the specified devices with capability to communicate with the BMS only.

Schedule 10. Fee structure

SDE Consultants Pty Ltd

RFT C11/2025

The prices you offer below must be:

- in Australian dollars
- the same regardless of the mode of payment
- quoted on a **lump sum basis**

The prices you offer must also:

- be available for us to accept during the Validity Period, even if we may have negotiated the Response in the meantime
- take into account our provisions around liability, indemnity and risk.

Unless you indicate otherwise, prices must also include:

- Goods and Services Tax (GST) with a breakdown shown clearly on invoices
- all applicable levies, duties, taxes and charges
- any out-of-pocket expenses, including travel and accommodation within NSW.

Council will not accept any fees or charges other than the ones in your Response.

Table 1: Schedule of Performance –Heat Pump Chillers

Description	Heat Pump Chiller Specification	Alternative Spec (Tenderer to Provide if Deviating from Specs)
Type	Water source heat pump chiller	<i>SDE offer includes 2 of Carrier 61WG-190.</i>
Refrigerant	R410a	
Compressor type and number	Four (4) off scroll compressors	
Compressor starting	'Soft' start with phase loss sensing	<i>Optional soft-starters factory installed included in quoted offer.</i>
Chilled water flow rate, L/s	5.75	
Chilled water ent/lvg temperature, °C	12.2/5.6 °C	
Ambient temperature, °C(db)	35 °C	
Evaporator Fluid Type	Fresh Water	
Heating capacity, kW	212	
Condenser water flow rate, L/s	10.2	
Condenser water ent/lvg temperature, °C	45/50 °C	
Ambient temperature, °C(db)	7 °C	
Evaporator Fluid Type	Fresh Water	
Control	Must be fitted with BACnet over IP gateway	<i>Optional BACnet over IP gateway factory installed included in quoted offer.</i>

In Built Condenser and Evaporator Primary Pumps & VSDs	Yes	<i>Optional variable-speed pumps factory installed included in quoted offer.</i>
Basis of Design	Carrier 61WG 190A	
Quantity	2	

Table 2: Pricing Schedule – AHU 1 & 3 Refurbishments

Item No.	Service Details	Price excl GST	GST	Price incl GST
1.0	Removal and disposal of redundant services including fans and exchangers	\$30,760	\$3,076	\$33,836
2.0	Supply, deliver and install (2) water-cooled chillers with inbuilt pumps and BACnet HLI card	\$253,480	\$25,348	\$278,828
3.0	Supply, deliver and install (8) EC fans, doors, panels, louvres	\$122,740	\$12,274	\$135,014
4.0	Supply and install coils: evaporator (4), condenser (2), run-around (4), and pumps (2)	\$167,410	\$16,741	\$184,151
5.0	Supply and install insulated copper pipes & fittings with metal cladding (where required) and all associated valves	\$289,670	\$28,967	\$318,637
6.0	Modify, supply and install exhaust ductwork	\$28,760	\$2,876	\$31,636
7.0	Modify and make good AHUs' internal plenum, rust treatment, patching <i>Following the site visit, SDE have allowed for a higher proportion of replacement than make-good for the AHU insulated panels / plenums. This is captured in Item No. 3.</i>	\$15,110	\$1,511	\$16,621
8.0	All electrical works in Plantroom 1 for AHU 1 & 3 upgrades	\$227,650	\$22,765	\$250,415
9.0	Project preliminaries and documentation	\$126,560	\$12,656	\$139,216
10.0	Maintenance for twelve months	\$13,830	\$1,383	\$15,213
11.0	Testing & commissioning	\$14,030	\$1,403	\$15,433
12.0	Any other items not included above (list below)	\$	\$	\$
		\$	\$	\$
		\$	\$	\$
		\$	\$	\$
Total		\$1,290,000	\$129,000	\$1,419,000

Schedule 11. Corporate social responsibility

SDE Consultants Pty Ltd

RFT C11/2025

In a maximum of 1 paragraph only, provide details of the company's Corporate Social Responsibility (CSR) Plan or Policy, an example of 1 initiative undertaken within the last 3 years, or a project that provided community benefit.

SDE's typical work is within the public healthcare space, providing improved facilities to the general public to improve patient outcomes, providing significant community benefit. This is clearly demonstrated in the example projects outlined above.

Schedule 12. **Qualitative (Sustainability)**

SDE Consultants Pty Ltd

RFT C11/2025

Explain your understanding of sustainability and provide examples of how you support sustainability within your organisation?

SDE support sustainability throughout all our works, balancing energy usage with client and compliance requirements. For major long-term infrastructure projects, such as the Western Harbour Tunnel, SDE staff have included CSIRO and NSW government climate modelling into mechanical design calculations and deeply considered durability requirements, ensuring selected equipment remains suitable for long design-life requirements and does not degrade due to its operational environment, preventing early replacement. This is clearly relevant to the corrosive environment experienced by pool air-handling systems, and **SDE have included in this tender corrosion protection of all coils within the air-stream, extending the equipment's design-life, improving sustainability.**

Further examples of supporting sustainability includes performing detailed energy modelling and analysis for clients (see Hawkesbury Hospital example outlined above), and providing numerous options of key mechanical equipment and each options expected energy usage and ROI to clients, allowing informed decisions based on sustainability considerations.

Note that SDE have included within the detailed design portion of this project to review the operation and energy cost impact of the run-around coils, in order to provide Council with advice and any optimisation opportunities prior to purchase of these coils and equipment.

Further, SDE have included removal of all existing coils and fans to be replaced to metal recycling plants for their recycling, rather than disposing of these in landfill.

Schedule 13. **Qualitative (EEO & Fair employment)**

SDE Consultants Pty Ltd

RFT C11/2025

Complete the following table to provide detail of your enterprise's management and commitment to sound employee and industrial relations practices.

Employee and workplace policies

Does your enterprise have employee or workplace policies on any of the following?

		Copy of policy attached	Copy of policy can be found at:
☐	Recruitment	☐ Yes ☒ No	
☐	Training and development	☐ Yes ☒ No	
☐	Equal employment opportunity	☐ Yes ☒ No	
☐	Anti-discrimination	☐ Yes ☒ No	
☐	Unionism	☐ Yes ☒ No	
☐	Consultation	☐ Yes ☒ No	
☐	Dispute resolution	☐ Yes ☒ No	
☐	Other	☐ Yes ☐ No	

Has the organisation nominated a management representative to oversight the implementation of these policies?

☒ Yes ☐ No

If yes, provide contact details:

Name Brad Smithson

Phone/email 0431 270 339

Payment of wages and superannuation

Did the organisation cause any breach of legislation regarding payment of wages and superannuation?

☐ Yes ☒ No

If yes, please provide details of the breach, outcomes and any rectifications or improvements made to prevent recurrence.

Aboriginal and Torres Strait Islanders

Does the organisation have a specific policy on employing persons of Aboriginal & Torres Strait Islander decent?

☐ Yes ☒ No

If yes, provide details of how many employees and their history employment.

How does the organisation demonstrate commitment and capacity to create and extend opportunities for Aboriginal people and enterprises through this contract, which is in line with the principles of 'Engaging with Local Aboriginal Communities' from NSW Dept of Local Government?

Yes. SDE is committed to opening all subcontract opportunities to all trusted and reputable suppliers, and encouraging those with high indigenous workforces to tender for the subcontract works.

SDE commit to specifically providing the final electrical subcontract scope of works to ARA Indigenous Services for competitive tender.

Apprenticeships and traineeships

Does the organisation offer apprenticeships or traineeships?

☐ Yes ☒ No

If yes, provide details of how many and at what level each trainee or apprentice is at.

Other

Provide any other details in relation to skills which you consider to be relevant in support of this contract.

SDE wish to highlight that by engaging SDE for this project, all works will be designed by highly experienced and practical Chartered Professional Engineers, who will then personally oversee and manage all aspects of the project's delivery. **SDE believe this will provide Council with the highest-quality installed solution possible and ensure seamless operation for many years to come.**

Industrial relations undertaking

This undertaking must be completed by all tenderers and lodged as part of their proposal. Any Proposal in which this form is not completed may be regarded as non-conforming.

I (name)

Brad Smithson

of (address)

30 Tillock Street, Thornleigh NSW

do hereby
undertake that:

- ☒ Now and for the duration of the Contract to use its best endeavours to ensure that a good industrial record is maintained.
- ☒ Best endeavours must be used to ensure all subcontractors engaged in the performance of the work under the Contract maintain a good industrial record.
- ☒ Where consent is sought under the Contract for the engagement of a sub-contractor to provide goods or services to Council, a similar undertaking must be obtained from the sub-contractor and submitted with the Respondent's request for consent.
- ☒ Adherence to the required Codes of Industrial Conduct at all times now and in the future will be the measure by which a "good industrial record" is determined for the purposes of the undertaking.

Schedule 14. **Work, health and safety**

SDE Consultants Pty Ltd

RFT C11/2025

Blacktown City Council WHS Policy 100 is attached, by submitting tender submissions, the tenderer is deemed to have read and agreed to comply with Council's WHS Policy.

The following documents in Appendices 1 to 3 are required to be completed and submitted with the tender submission. **Failure to attach the completed WHS forms may cause your submission non-compliant and will not be considered:**

Document #	Document name
WHS051.5	Contractor WHS Code of Conduct
WHS051.11	Contractor Scope of Works & Requirements
WHS051.8	Subcontractor Statement
WHSPOL 100	Work Health and Safety (information only)

The following documentation that verifies the application of your WHS processes must also be submitted with the tender: (check the following box when it is attached)

Corporate	
WHS Manual, policy and procedures	☒
WHS responsibilities allocation table / chart	☐
WHS consultation statement (<i>Located in Policy Document</i>)	☒
Sample completed WHS inspection checklist and records	☐
Sample completed hazard report/corrective action records	☐
Injuries and Incidents	
Sample completed register of injuries	☐
Sample completed incident report	☐
WHS penalty notices, improvement notices, prohibition notices or prosecutions issued to your organisation or your subcontractors by SafeWork NSW (if any in the last 3 years) <i>None.</i>	☐
General WHS Training	
Sample WHS induction training record	☐
Sample WHS consultation training records	☐
Sample First Aid training record	☐
Confined space entry training records (if any)	☐
Plant operator training and certification records (if any)	☐
Sample safe operating procedures training record	☐
Sample training and induction programs schedule and records	☐
General Risk Assessment	
Risk assessments for the work tasks to be done <i>See Example SWMS</i>	☒
Risk assessments of plant and equipment	☐
Safe work method statements and / or specific safety instructions	☒
Hazardous substances register	☐
Safety data sheets and risk assessments for any hazardous chemicals	☐
Maintenance inspection and test records for plant and equipment	☐

Sample procedures, plans and forms relating to permit to work systems (if any)	☐
Construction Work Risk Assessments	
Site-specific or Generic Work Health and Safety Management Plan for recent similar project. <i>A suitable plan would include safe work method statements and any worksite safety rules and a statement of worksite WHS responsibilities. A suitable plan would also address the arrangements for risk management, training (including WHS induction training) and incident management.</i>	☐
Verification / Safety Audit	
Latest WHS audits or inspection report by SafeWork NSW or 3 rd party auditor	☐
Construction Work WHS Training	
Sample completed general WHS induction and work activity record Will be provided for each selected subcontractor following award.	☐
Sample completed site specific WHS induction record	☐
Chain of Responsibility (CoR) Compliance (Check as appropriate)	
Policies and Registers	
Does the organisation have a CoR Policy with supporting procedures? See attached CoR policy & checklist document. Note SDE does not operate any heavy vehicles.	Yes ☒ Attached ☐
Does the organisation have a CoR Risk Register?	Yes ☐ Attached ☐
Risk Management and Assessment	
Does the organisation have a workplace hazard / risk assessment register that demonstrates an effective control and review process pertaining to site and transport task risks?	Yes ☐ Attached ☐
Does the Risk Register identify road transport risks?	Yes ☐
Does the organisation keep safety key performance indicators	Yes ☐ Attached ☐
Training	
Does the organisation keep a Training Register?	Yes ☐ Attached ☐
Are drivers given information relating to workplace hazards at loading and delivery points?	Yes ☐ Attached ☐
Records	
Is there a fleet register kept for all operating vehicles >4.5t GVM?	Yes ☐ Attached ☐
Are Maintenance records available for all current fleet?	Yes ☐ Attached ☐
Are records kept of all drivers completed National work diary sheets or Daily work sheets? Please attach a sample.	Yes ☐ Attached ☐
Accreditation and Auditing	
Are sub-contractors or contract drivers subject to a <u>pre-engagement audit</u> to provide assurance that they have effective management systems (fatigue, speed, mass etc.) in place? See attached CoR policy & checklist document.	Yes ☒ Attached ☐

Schedule 15. Modern Slavery

Supplier Questionnaire – Identifying modern slavery risks

This is a confidential Questionnaire for suppliers of goods and services to Blacktown City Council. Our suppliers are asked to complete the Questionnaire honestly and with as much detail as possible. Completed Questionnaires will be confidential and will not be shared beyond Blacktown City Council. We are requesting this information so that we can better detect and manage Modern Slavery risks associated with our supply chain.

Contact details – Blacktown City Council	
Business name	Blacktown City Council
Contact person	Mohsen Mousavi
Contact email	mohsen.mousavi@blacktown.nsw.gov.au
Contact phone	0447485842

Please complete the below questions in as much detail as possible. Please return the completed Questionnaire to the nominated contact above.

Contact details - Supplier	
Organisation name	SDE Consultants Pty Ltd
Organisation address	30 Tillock Street, Thornleigh NSW
Australian Business Number	31 681 504 772
Parent company (if applicable)	-
Contact person	Brad Smithson
Contact email	bsmithson@sdeng.com.au
Contact phone	0431 270 339
Date of Questionnaire completion	16/6/25
I confirm that the information provided/answers given, are true and correct to my knowledge at the time of completing this survey.	☒ Yes

Questions	
Is your organisation required to report under the <i>Modern Slavery Act (Cth) 2018</i> ? If so, please attach a copy of your modern slavery statement(s) or provide details of statement preparation activities undertaken so far.	☐ Yes ☒ No
Please provide details here, if relevant.	
Does your organisation have any policies relating to managing the risks generally associated with Human Rights, Corporate Social Responsibility, Ethical Sourcing, Fair Employment Practices and fair payments to subcontractors and employee's?	☒ Yes ☐ No

If yes, please provide details.

SDE undertake to ensure all subcontractors are paid in full accordance with the Building & Payment Securities Act, and that all employees are at all times paid their full wages and superannuation entitlements.

Does your organisation undertake activities to detect and manage modern slavery risks within your organisation?

☐ Yes

☒ No

If yes, please provide details.

Does your organisation undertake activities to detect and manage modern slavery risks within your supply chain?

☐ Yes

☒ No

If yes, please provide details.

Has your organisation formally undertaken a modern slavery risk assessment for your supply chain?

☐ Yes

☒ No

If yes, please provide details.

Does your organisation provide or give access to modern slavery related training for staff and/or your supply chain?

☐ Yes

☒ No

If yes, please provide details.

Which country(ies) are the products you provide manufactured in? Include countries where raw materials and any components are sourced (if known).

Please provide details here.

Chillers: Carrier (France)
Coils: Austcoil (Bankstown, NSW)
Fans: EBM Papst (Germany)
Pumps: Grundfos / Masterflow (Australia)
Switchboards: Kerfoot / Stowe (Australia)
Cabling: Electra / Nexans (Australia)

Schedule 16. Acknowledgement receipt of Addenda and Tenderer's Declaration

SDE Consultants Pty Ltd

RFT C11/2025

Tenderer is to acknowledge the receipt of the following addenda during the tender period. This Tender has been prepared having regard to the addenda listed below:

Addendum No.	Brief Description (e.g. Specification Page No, Clause No, Schedule No)	Date Received
Addendum 1	Two documents updated: - C112025 RFT MAIN POOL HALL AIR HANDLING UNITS AND HVAC UP LCS.docx - C112025 Tender Addendum.docx - Page 5, section 2.1c, the last two points are removed - Page 6, section 2.2. Service, the anticipated start date is replaced with 30 Sep 2025	10 June 2025

Declaration

Please complete the declaration below. By including this document you are providing an electronic signature for this declaration under the *Electronic Transactions Act* and corresponding state and territory acts.

I (name)	Brad Smithson
of (tenderer)	SDE Consultants Pty Ltd
being (occupation)	Director
Declare that:	☒ The Tenderer offers to supply the requirement, described in RFT issued by Blacktown City Council, in accordance with the Pricing Schedule contained in its Tender. ☒ The Tenderer agrees to comply with its obligations under the Tender and acknowledges and agrees with Blacktown City Council's rights under the Tender. ☒ The Tenderer confirms its capacity to bid on the requirement in the Tender and that there is no restriction under any relevant law to prevent it from bidding. ☒ The Tenderer consents to Blacktown City Council undertaking checks in accordance with this Tender. ☒ The Tender remains open for acceptance for 120 Days from the Closing Time in accordance with the Tender.
